

**Amp'ed RF Technology Product Label Change Notes**

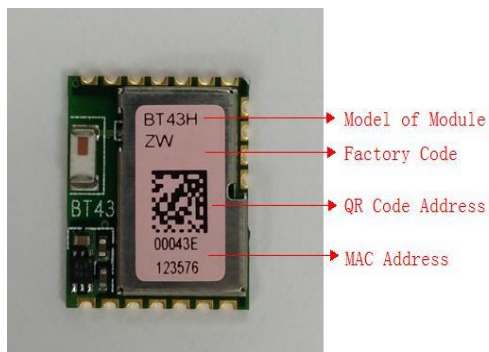

08/01/2017

**Subject:** Add special label (5 \* 10mm pink high temperature) for all modules.

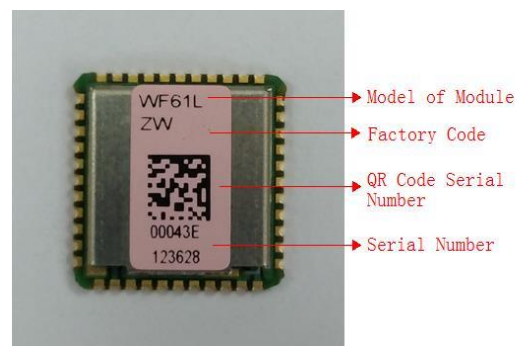

**Effective date:** 08/07/2017

**Details:** In order to reflect products information directly and better control the product quality, we will add the special label for the Bluetooth and Wi-Fi modules respectively. As shown below:

**Bluetooth:**

**Wi-Fi:**

No module hardware revisions or firmware changes are required for this change.

**Effective modules:**

BT11, BT22, BT24, BT31, BT32, BT33, BT43, BT52, BT53

WB51, WB61, WF43, WF61, ART6212
